

SAIC – SAILING

This activity checklist complements the guidance provided in ANP4914 and provides assurance measures the activity will be conducted in accordance with the ANC's overall Risk Management Policy.

The SAIC has three distinct phases;

- Activity Planning
- Activity Conduct
- Activity Post Conduct

Risk management is to occur through the activity planning and activity conduct stages.

ANP4914 – Chapter 5, Section 11 - Maritime Activities.

ANP4914 Chapter 5, Section 1 – Activity Planning.

ANP4914 Chapter 4, Section 2 - Supervision

Location	Date	Activity Number	Officer in Charge	Unit/Flotilla

Activity Planning Considerations				
ENVIRONMENT				
Have you:	YES	NO	N/A	Comment
Assessed the weather and other conditions are suitable to safely conduct the activity				Considerations include but not limited to: Temperature, wind speed, rain, ocean swell and tides, fire danger, thunderstorms, time (daylight / night)
Assessed the site (facility / grounds) where the activity is to be conducted is applicable and suitable to safely conduct the activity				
Assessed there is adequate lighting available and working for activity, if conducted at night.				

PEOPLE				
Assessed there are a suitable number of qualified ANC personnel to safely conduct the activity, including supervisory ratios				The appropriate supervisory levels vary depending on the activity and other considerations including but not limited to: Gender balance Staff suitability Anticipated environmental conditions and duration of activity.
Received all medical information for cadets and staff (PE149s) in readiness for commencement of activity				Outline any limits on participation, and details of medication, allergy and anaphylaxis plans
Scheduled an adequate number of stand easy/breaks into the program to ensure cadets and staff have adequate rest				
All members attending have in-date ANC Swim Tests recorded on CadetNet				
Any member sailing who hasn't been on the water in a sailing craft before, is to undertake some on land practice, specifically covering risk of coming into contact with the boom (ducking practice) and also capsize drills (what to do)?				Names of Sailing Instructors on activity:
Sailing Instructor to undertake training				
LOGISTICS				
Advised participants of equipment / clothing requirements				Inform cadets and staff of equipment and clothing they should bring. Note anticipated weather conditions and seasonal factors
Assessed communication equipment is suitable for the location and conduct of the activity				Mobile phone / radio / EPIRB
Activity Conduct Considerations				
PEOPLE				
Have you:	YES	NO	N/A	Comment
Conducted an activity briefing prior to commencing the activity				Brief should: Outline the activity

			Detail what cadets and staff will do and what is expected of them What are the key safety considerations (hazards and risks), site-specific concerns and what are the plans in the case of an incident. Who is the nominated Safety Officer for the activity Advise how to respond to incidents and emergencies Location of emergency muster point What are the first aid plans
Confirmed the Emergency Plan			Details of local hospital and police. Consider situations that could occur and how you plan to respond.
Reviewed PE149s and acknowledge the cadets and staff with medical issues. Specifically, MAMP must detail plans for allergies and anaphylaxis and ensure all members who have disclosed a medical condition have the appropriate medication and quantity that will cater for the entire activity.			Where there is a cadet with a disability, the MAMP must outline how the activity will be adjusted to provide the cadet an opportunity to participate. Or include evidence / advice that such an adjustment is not reasonable / not achievable. All medication required during the activity must be sighted prior to commencement.
Advised members the location of a shaded area where they can rest when required			
Confirmed all members have appropriate participant equipment and clothing			This list includes but not limited to: Drink bottle (filled with water) Hat/Broad Brimmed Hat Have applied sunscreen Suitable footwear for activity Clothing
Confirmed supervisory responsibilities are appropriately assigned.			Supervisory ratios, etc.. Are members assigned supervisory responsibilities qualified / experienced and suitably screened?

Advised cadets and staff of safety considerations when conducting activities in the public domain				Staff members are to ensure that no inappropriate interactions occur between youth and members of the public
Completed a head count at commencement and throughout the activity.				Confirmed Numbers of: Officer of Cadets = ____ DAHs = ____ Cadets = ____
The "Wind cut off speed" has been assessed and all participants briefed at what speed sailing activities will cease?				
Confirm that Sailing Crews are compliant with "wind cut off speed" including projected winds				
EQUIPMENT				
Confirmed a grab bag is provided for the activity and contents checked.				Detail location of grab bag: Refer to ANP4914 Chapter 6 Section 3
Confirmed that all equipment being used fit for purpose and safe				
If manual handling tasks are being undertaken, ensure all members are briefed on the correct technique to be utilised				
Activity Conduct Considerations

A member of staff who is remaining onshore has been informed of the operational area and operational requirements for the pulling boat and the method of assistance where required?				Beach Master Name:
EQUIPMENT				
Confirmed a grab bag is provided for the activity and contents checked.				Detail location of grab bag: Refer to ANP4914 Chapter 6 Section 3
Confirmed that all equipment being used fit for purpose and safe				
If manual handling tasks are being undertaken, ensure all members are briefed on the correct technique to be utilised				
Safety boat required for all sailing activities and must be on the water prior to launching sailing craft. Anyone driving vessel to have State Marine License on them (ability to present if required)				Safety Boat Operator(s) Name: List all those for activity
Vessel(s) and Trailer(s) have been inspected prior to being placed on the water, and confirmed no damage preventing buoyancy or safe operation				Trailer and Sailing & Powerboat checklists to be attached (one for each vessel and trailer required)
Radios have been checked for serviceability prior to departure.				
There is enough fuel in the tank of the Safety Boat(s)?				How much fuel in tank(s) prior to launching
Safety equipment in accordance with State legislation is on Safety Boat(s)				
First Aid Kit to be carried on Safety Boat(s) has been checked and confirmed suitable for activity				
All Safety Boats confirmed to have approved prop guards installed prior to launch				
All Safety Boats confirmed to have fire extinguisher installed prior to launch				
If fuel caddies require filling, then: Cadet must be over 16 years Caddie MUST be on ground when filling, not to be in the boat				

Fuel nozzle MUST be fully inserted in caddie Breather plug to be open on caddie PPE to be worn as instructed by SDS No naked flames No mobile phones or electronic devices				
Safety Helmets (Hard hats) are to be worn during rigging operations				Sailing Helmets are NOT to be worn during rigging
Confirmation that all participants are wearing a PFD prior to getting on the water – check is to ensure that PFD correctly fits each member individually				
Sailing helmets have been inspected, are in good order and condition Confirmation that all participants have been issued a sailing helmet prior to getting on the water and to be worn during all Sailing Operations				
TRANSPORT				
The member(s) of staff and the vehicle(s) used to transport all workers (including Cadets) to and from activities are appropriately licensed.				
The member(s) of staff responsible for driving are not impaired by fatigue prior to driving.				
The vehicle(s) used to transport all members to and from activity is appropriately maintained and suitable for the activity.				

Post Activity Considerations				
Have you:	YES	NO	N/A	Comment
Completed head count on completion of the activity.				Confirmed Numbers of: Officer of Cadets = ____ DAHs = ____ Cadets = ____
Confirmed that all applicable Incident Reports & Sentinel Reports have been submitted/lodged?				Refer to ANP4914 Chapter 6, Section 1
Completed the CadetNet Activity Roll?				

Undertaken Debrief with all participants and those that supported activity				Copy of notes to be attached
--	--	--	--	------------------------------

Unexpected Hazards and Risks arising during the risk assessment process or the activity: If an unexpected Hazard or risk arises at the site before or during the activity, the Supervisor is required to rate the risk using the SRA risk Matrix and determine an appropriate control or cease the Activity, complete the following table and advise the control measure to all members.

Step	Hazard	Risk	Control

Notes:

If the answer to any of the above is "No", comments are mandatory, and the activity cannot commence until the associated Hazard Risk Assessment or Standing Risk Profile has been reassessed, and the residual risk is assessed as being acceptable.

If the answer is Not Applicable (N/A), comments are mandatory.
